WASHINGTON, D. C., Aug. 7.—Dumboy, the national dish of Liberia, is one of the world's gastronomic wonders; if allowed to stand long after being prepared for the table, it becomes very hard, broken pieces of it being a favorite kind of shot for use in the long muzzle loading guns of the natives. A canning of dumboy is also used to stuff the leather sheaths of the native swords and knives, according to G. N. Collins, in a communication to the National Geographic society, at Washington, D. C.

## Boy or Girl? Great Question!

This brings to many minds an old and tried family remedy—an external application known as "Mother's Friend." During the period of expectancy it is applied to the abdominal muscles and is designed to soothe the intricate network of nerves involved. In this manner it has such a splendid influence as to justify its use in all cases of coming mother-hood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do those knowing mothers speak of the absence of morning sickness, absence of strain on the ligaments and freedom from those many other distresses usually looked forward to with such concern.

There is no question but what "Mother's Friend" has a marked tendency to relieve the mind and this of itself is addition to the physical relief it has given it a very wide popularity among women.

You can obtain "Mother's Friend" at almost any drug store. It has helped a host of mothers to a complete recovery. It is prepared only by Bradford Englehart Co., 261 Lamar Bldg., Atlanta, Ga. Avoid the many worthless substitutes.
